INTERNATIONAL ORDERS

We are able to process international orders and ship to most countries. However we require that all international orders are placed through our website. We cannot accept foreign checks or money orders (including Canada). It is the responsibility of the international purchaser to know the rules of the destination country. We have encountered problems with customs in a handful of countries, especially those with restrictive rules. Items are typically released once questions have been answered but customs officials can prohibit the release of packages and some have been returned to us. We cannot guarantee that the seeds will arrive, but we guarantee that we will send them. Please follow the rules of your respective countries.

For more information see the 'How to Order' page on our website: adaptiveseeds.com.

OUR GUARANTEE

We guarantee that every seed lot we sell is germination tested regularly. Each variety meets or exceeds the germination requirements of the Federal Seed Act and industry standards, for the year in which it is sold. Should our seeds not germinate for you, please let us know immediately, and we will promptly replace or refund the purchase price. Our liability is limited to the purchase price of the seeds, and refund or replacement is limited to one instance in the year of purchase. All *Brassica* family seed lots have been tested and found negative for blackleg (*Phoma lingam*) as required by the Oregon Department of Agriculture.

Please let us know if the seeds you receive are mislabeled, or not true to description, so we can correct the problem. In our time as farmers, we were victims of old-fashioned seed mixups at least once per year. We understand now and cannot correct a problem we don't know about. We encourage feedback and look forward to hearing from you!
