OUR GUARANTEE

We guarantee that every seed lot we sell is germination tested regularly. Each variety meets or exceeds the germination requirements of the Federal Seed Act and industry standards, for the year in which it is sold. All *Brassica* family seed lots have been tested and found negative for blackleg (*Phoma lingam*) as required by the Oregon Department of Agriculture. Should our seeds not germinate for you, please let us know immediately, and we will promptly replace or refund the purchase price. Our liability is limited to the purchase price of the seeds, and refund or replacement is limited to one instance in the year of purchase.
All sales are final.

Please let us know if the seeds you receive are mislabeled, or not true to description, so we can correct the problem. We cannot correct a problem we don't know about. We encourage feedback and look forward to hearing from you!
