Untreated Seed Statement

Adaptive Seeds only sells Certified Organic seeds. None of our seeds are genetically modified, and none of them are treated with synthetic chemicals or any NOP prohibited substances.

Certain seed lots, including some Brassicas, are hot water treated. Seed lots that have been hot water treated have been noted in the variety description on our website.

You can find a link to our most up-to-date Organic Certificate by searching the Organic Integrity Database at <https://organic.ams.usda.gov/integrity>. More information about us and our seeds can be found at <https://www.adaptiveseeds.com/our-guarantee/>.

Thank you for helping to bring biodiversity back!
